

FIRST AID POLICY

ALL SAINTS CHURCH OF ENGLAND PRIMARY SCHOOL

1. General Statement

It is our policy to ensure that appropriate first aid arrangements are in place for our staff and any visitors to our premises. This includes providing sufficiently trained employees for our business needs and maintaining an adequate supply of first aid equipment.

It also involves providing enough information to staff to enable first aid assistance to be sought during normal working hours. Where work is regularly undertaken outside these hours, then adequate first aid cover will be provided.

2. The Legal Position

Our duty to provide first aid at work is governed by the **Health and Safety (First Aid) Regulations 1981**. These require us to carry out a risk assessment in order to determine which first aid facilities and personnel are necessary to meet the needs of our business.

We are also required to review this assessment periodically to ensure that current provision is adequate. In order to comply with these Regulations, our assessment has considered a number of factors, including the following:

- size of the school
- building layout
- past history of accidents
- proximity of schools location to emergency medical services
- needs of traveling and/or lone workers
- first aid cover in times of sickness or annual leave.

3. Responsibilities of First Aid Personnel

In order to carry out their duties effectively, first aid personnel have the following duties and responsibilities. First-aiders are responsible for:

6. Staff Training

All staff undertaking first aid duties will be given full training in accordance with current legal requirements. This means that a first-aider will attend an approved Health & Safety Executive four-day course and any appointed persons will attend a basic four-hour course.

Where necessary, all line managers will be expected to organise shifts and rosters to enable staff to attend. We will do our best to ensure that sufficient notice of both initial training courses and any refreshers are given to managers to assist with this planning.

All staff are required to follow guidance with regards to the dispensing and storing of medication. This guidance can be found in the staff hand book located in the school office and a copy is given to all new staff as part of the induction system.

Medication Will only be dispensed by Miss BOYD in the school office.

7. Information for Employees

We acknowledge that first aid arrangements will only operate efficiently where they are understood, both by employees and others who may be working on our premises. These include part-time and temporary staff. For this reason, information on how to summon first aid is provided for all new staff.

This and further information is also included in our staff handbook. Information on the current first-aider/appointed person will be provided on the **staffroom notice board**.
